TLDR: Quick learning expert in Web Development with over 20 years of experience.

Work Experience

Multiple positions, Olympus Corporation of the Americas, Center Valley PA (present)
In the Digital Experience Analyst role (from 2023 on)**:**

- Continued developing the SharePoint intranet (**SPFx**, **PowerApps**/**PowerAutomate**).
- **Advised** management on **SharePoint** and **Web Development best practices** and kept track of industry developments.
- **Worked across regions/time-zones** to support overseas development; providing guidance where needed.
- **Worked with AI:** created chatbot interfaces, used AI features to responsibly accelerate the production of code.

In the Web Developer II role (2016-2023)**:**

- **Helped launch and maintain company's global SharePoint intranet, developing modern webparts in SPFx, React, SASS, and TypeScript.** Created **PowerApps/PowerAutomate** applications.
- Worked within a team environment: followed a **Scrum-based** development pipeline, and collaborated in a **git** environment; maintaining a **gitflow** like tagging structure.
- **Hand-coded responsive marketing emails in HTML and CSS** for their Consumer and Medical divisions.
- Hand-coded landing and content pages in HTML and CSS for their Consumer and Medical divisions (**Drupal and Magento**).

Web Designer/Developer, 2004 – 2016 (12 years)
Spiral Binding Company, Inc., Totowa, NJ (http://www.spiralbinding.com)

- **Helped design and launch a Magento powered eCommerce site** http://www.binding101.com (**PHP, MySQL, Linux, MVC**). **Created responsive Photoshop mock-ups** during development. **Developed and fixed bugs** for the site as needed.
- **Developed a feature-rich B2B e-Commerce web site** (http://www.spiralbinding.com) in **Coldfusion/MSSQL**. **Coded JavaScript UI widgets from scratch** to support the site. **Learned Fireworks and Dreamweaver** (but at the time I preferred **Notepad++**).
- **Managed codebases for both sites via git** (prior to that, **SVN**).
- **Coded email templates and marketing blasts in HTML and CSS.** Not as easy as it sounds!
- **Built the company's intranet using Drupal** (**PHP, MySQL, HTML/CSS**)
- Worked with the company's **Dynamics Nav 2009 (Classic Client)** environment, both frontend and backend (**NAS, C/SIDE, etc.**) on a near daily basis. Coded for the platform a few times in **C/AL**. Developed web code to send order credit card information via **Nav Web Services (WSDL)**.
- Assisted in connecting customers to our company via **e-Procurement** systems and order transmission methods. Familiar with technologies like **Ariba, Oracle, CommerceHub, and EDI**.
- Handled various other tasks such as **Video editing**, managing our **Digital Signage**, etc.

Navigated the hurdles involved with controlling several live video feeds on **GoToWebinar** webinars for our various sales and support teams.
- Developed a few small tools and utilities in **C# (.net)**
- Designed, developed and maintained the Buy101.com and blog.spiralbinding.com **WordPress** blogs

Independent Web Designer/Developer, 2001 – 2023 (25 years)
Worked on my own website, www.tgorg.com, for 25 years (coded in **Astro, TypeScript, Vite** -- *formally* ***PHP, MySQL, WordPress, Drupal***).

Developed many other sites for friends and businesses. Worked primarily in **HTML/CSS**, and occasionally in **Drupal**, **MySQL**, and **JS/AJAX**

Projects

Various Non-Profit Projects

- Budd Lake Chapel – Church's website (www.buddlakechapel.com). Originally developed in **HTML** and **CSS**, we moved to **Joomla** (PHP) later on. I also **filmed and edited videos** for Vacation Bible School for about 5 years.
- Developed a Church Service Recorder program in **C#**
- Remix (Grace the Church on the Mount) – Recorded Sermons on **video**, and posted them to the web site
- Various **Video** and **Graphic Design** projects

Personal Projects

- **locast2plex** project: 2020 – developed in **Python** – **github project with 200+ stars and over 10M pulls on hub.docker.io**
- "Marble Panic" video game: 2001-2002
- Several **C#** projects, including an audio recorder and a batch video transcoding frontend for ffmpeg
- **YouTube Videos**: Logo Escargot (http://youtu.be/L8VUP4aq1Eo) **89k views** and Sonic Clocks in Moscow (http://youtu.be/jkmXcwQb0_8)
- Always doing something hardware related, whether it be working on my home server, or tweaking my video editing computer.

Miscellaneous

- Ever since I was a young boy, I played on a computer. My first was a Commodore 64.
- Always involved in helping friends and family with their Computer issues
- Contributed **community documentation to Drupal**

Additionaly familiar with: MacOS, Windows, jQuery, ckEditor, ffmpeg, Adobe Premiere, Pardot, VirtualBox, SourceTree, Office 365, Outlook, LANs and Networking

Education
